

§ 2005e. Definitions

As used in this subchapter:

(a) “Hospital” includes diagnostic or treatment centers and general hospitals, and related facilities, such as laboratories, outpatient departments, nurses’ home and training facilities, and central service facilities operated in connection with hospitals, but does not include any hospital furnishing primarily domiciliary care;

(b) “Diagnostic or treatment center” means a facility for the diagnosis or diagnosis and treatment of ambulatory patients—

(1) which is operated in connection with a hospital, or

(2) in which patient care is under the professional supervision of persons licensed to practice medicine or surgery in the State, or, in the case of dental diagnosis or treatment, under the professional supervision of persons licensed to practice dentistry in the State.

(c) “Nonprofit” means owned or operated by one or more corporations or associations no part of the net earnings of which inures, or may lawfully inure, to the benefit of any private shareholder or individual.

(d) “Construction” means construction of new buildings, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings (including medical transportation facilities), including architects and engineering fees, but excluding legal fees, the cost of off-site improvements and the cost of the acquisition of land.

(Pub. L. 85–151, § 6, Aug. 16, 1957, 71 Stat. 371.)

§ 2005f. Supervision or control of assisted hospitals

Except as otherwise specifically provided, nothing in this subchapter shall be construed as conferring on any Federal officer or employee the right to exercise any supervision or control over the administration, personnel, maintenance, or operation of any hospital, with respect to which any funds have been or may be expended under this subchapter.

(Pub. L. 85–151, § 7, Aug. 16, 1957, 71 Stat. 372.)
